

CEO Forum at 15th GHS meetings in Hyderabad, India - January 05-07, 2022

Report prepared by Joseph M. Chalil MD, MBA, FACHE, Chair of GHS CEO Forum (2022), Chairman of the Complex Health Systems advisory board and Professor at Nova Southeastern University's School of Business; Chairman of the Indo-American Press Club; The Universal News Network publisher and Best-Selling Author, "Beyond the Covid-19 pandemic: Envisioning a Better World by Transforming the Future of Healthcare."

During the 15th Annual Global Healthcare Summit, organized in Hyderabad, India, from January 5 to 7th, 2022, Physician Leaders, Hospital CEOs, and Healthcare Industry leaders from the United States and India had an opportunity to brainstorm and explore ways to focus on the theme, "Transformation of Healthcare through Telehealth and Technology usage during this post-Covid Era," and recommended possible ways to plan and implement preventive medicine that will save resources and precious human lives.

The CEO Forum Unanimously approved "An Appeal by AAPI to the Government of India to initiate efforts for creating an Indian Preventive Task Force and conduct annual preventive healthcare screenings nationwide".

"We urge the Government of India to appoint an expert panel of nationally recognized experts in the disciplines of preventive medicine and primary care, including internal medicine, family medicine, geriatrics, pediatrics, behavioral medicine, public health, mental health, obstetrics and gynecology, and nursing to create an Indian Preventive Task Force (IPTF). This expert task force should strategize and implement annual preventive healthcare screenings nationwide."
