

## **Souvenir Committee Report at the 15<sup>th</sup> Global Health Summit, AAPI, Hyderabad**

**Leena Gupta, MD**

*Chair, Souvenir committee*

**Bhavani Srinivasan, MD**

*Chair, Publication Committee*

As a Chair of the Souvenir committee, our vision and goal of the souvenir was directed towards the theme of the conference itself which was 'Prevention is better than cure', which highlighted different aspects of 'Technology, Telemedicine and Transformation' in this extraordinary, 100-page, keepsake memoir of the Global Health Summit, Jan5-7<sup>th</sup> 2022.

The entire team comprising of Dr. Anupama Gotimukula, Dr. Ravi Kolli, Dr. Bhavani Srinivasan, and Dr. Udaya Shivangi, each one of them contributed in their own distinctive way. Each of our team members worked diligently for 2 months, and compiled a cohesive product of art, a remembrance of a lifetime, which will remind us, of all the anguish we had while preparing for the summit, and how each one of us have now returned a warrior with a trophy in each of our fronts.

This relic has myriad of interesting articles, personal sponsors, and professional supporters, as well an organized agenda of the Global health summit, with just one goal in mind in having a successful GHS under the able guidance of Dr. Anupama Gotimukula.
